Feel the Difference

A Cherry wood with a Chisholm Classic door style and a double cut slab drawer front finished in a standard stain and glaze.

Challenging The Cost of Custom

A SURPRISING VALUE

If you've looked for cabinets before, you know the words "affordable" and "custom" aren't often used together. It seems as if you either have to compromise your design sensibility or break the bank to get the look and feel you want.

We're changing that.

We're making custom within reach.

Your kitchen is too important to compromise. Don't choose between style and price. Get truly unique cabinets at an unbelievable value.

A PLACE FOR EVERYTHING

A home's kitchen needs to be more than simply beautiful - it needs to be functional. Custom Cupboards allows you to design exactly the type of kitchen your family needs. You may have waited a lifetime for your dream kitchen, so make it beautiful. Make it functional. But most importantly, make it yours.

Beautifully Uncomplicated Cabinetry

THE LOOK YOU WANT

You may have waited a lifetime to build your dream kitchen, so don't make concessions. Not all kitchens are built the same, but many cabinets only come in standard sizes. And often custom cabinetry is so expensive, it can push your dreams out of reach. We offer reduced height, width and depth at no charge. It's not about what we want to make, it's about what you need to make your kitchen dream come true.

MEANINGFUL CHOICES

Designing your kitchen is exciting, but finding the perfect finish and door style can be difficult. With more than 100 door styles and hundreds of finishes, you'll have the options to get the look you're after. Not sure what you want? No worries. We only work with a network of highly qualified and creative dealers who are trained to help you find the perfect look.

YES, YOU CAN

Dovetail drawers. Soft-close slides. Recycle centers. Add accessories to your dream kitchen to make life a little easier. Whether you need spice racks, wine racks or trash bins, we offer a wide selection of options.

A Cherry wood in a Chisholm beaded door style and a beaded slab drawer front finished in a dark stain.

A Rustic Beech wood in a Chisholm Classic door style and a double cut slab drawer front finished in a dark stain.

Green Is Our Favorite Color

Custom Cupboards is proud to have earned the Kitchen Cabinet Manufacturers Association Environmental Stewardship Certification for our continuing use of environmentally conscious business practices.

By selecting materials that have been recycled, recovered, and recognized through sustainable forest programs; using wood by-products as an alternative energy source; and minimizing harmful air pollutants, we're doing our part to make everyone's home more beautiful.

And you can be sure that whether you choose Antique White or Barnyard Red for your home, there's a little bit of green that went into it.
